

Mexico Mining Center Announces the Upcoming Discoveries 2020 Mining Conference

Mexico Mining Center is pleased to invite you to our 5th edition of the Discoveries Mining Conference to be held April 28 – 30, 2020 in the beautiful and traditional city of Guadalajara, Jalisco, Mexico. We invite you to participate in this great event where we will unite the three elements that form the mining ecosystem: Exploration, Innovation and Development.

The conference is one of the best mining events of the year for networking and doing business. Our Exhibition Area will have 200 booths with an expected attendance of 2,000 – 3,000. Leaders of the mining industry gather each year at Discoveries for the excellent content of the conferences and to gain firsthand knowledge of the latest mineral discoveries and to learn about mines currently being developed in Mexico. Discoveries is the meeting place where the door opens to fantastic opportunities to establish relationships and new commercial alliances.

The event will offer the opportunity to learn about the latest technology being applied to all stages of mining. Modern heavy equipment and machinery will be on display and leading service providers will be present breaking edge technology being applied to mining exploration and development.

The Core Shack is the heart of the conference where prospectors, geologists and exploration companies exhibit rock samples, core and technical information from

their exploration projects. Here you will have the opportunity to meet the members of the exploration teams and personally examine mineral samples from some of the most important mining projects in Mexico.

Discoveries is widely recognized as one of the best technical conferences worldwide focused on **mining exploration, innovation and development**, featuring over 50 presentations delivered by key players of the mining industry on active exploration and development projects as well as presentations of new technologies and concepts applied to all stages of mining.

Mexico Mining Center supports the education and professional development of the next generation of miners and we invite students to participate in our traditional Student Essay Contest. This year's topic will be, "What is the Future of Mining in Mexico?". [Click Here for more information.](#)
