

# Monarca Minerals Obtains Environmental Permit to Complete Drilling Program on the San Jose Silver Project in Mexico, and Grants Stock Options

Toronto, Ontario--(Newsfile Corp. - August 3, 2021) - **Monarca Minerals, Inc. (TSXV: MMN)** ("**Monarca**" or the "**Company**") is pleased to announce that it has obtained an Environmental Permit (known as Informe Preventivo) to complete its planned 5,000 metre drilling program on its San Jose Silver Project ("**San Jose**") in Mexico.

Carlos Espinosa, President and CEO of Monarca commented, "*We are very pleased that despite several delays due to COVID-19 restrictions in Mexico, we have obtained the environmental permit that will allow us to build and rehabilitate 7 km of roads in order to complete our 5,000 m drilling program. This was one of the last pieces of the puzzle, and we are now moving forward with our drilling plans for San Jose.*"

Monarca commenced building and completing the rehabilitation of 7 km of roads during the week of July 26 and drilling is expected to commence within the next four weeks once site preparation is complete.

An initial 10 drill holes are planned to depths of up to 500 m as indicated below in **Figure 1**. The planned drill holes are superimposed on a plan view of the Induced Polarization (IP) survey results at San Jose.
