Closing of Private Placement

The Company has now closed its non-brokered private placement financing at \$0.035 (the “Financing”), originally announced in its news releases of October 6, 2021. In the Financing, the Company issued a total of 23,385,752 common shares (“Shares”), raising gross proceeds of CAD \$818,501.36.

The Shares issued in the Financing are subject to a four-month statutory hold period, which expires March 20, 2022.

Related Party Participation in the Private Placement

Directors and insiders subscribed for an aggregate of 22,271,447 Shares representing aggregate gross proceeds of \$779,500.64. The purchase of such Shares is considered to be a related-party transaction under Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“MI 61-101”), but is exempted from the requirements to obtain a formal valuation and to obtain minority approval, as the purchase of securities does not exceed 25% of the Corporation’s market capitalization. The Corporation is relying on exemptions from the formal valuation and minority shareholder approval requirements provided under sections 5.5(a) and 5.7(1)(a) of MI 61-101.

The Corporation did not file a material change report more than 21 days before the expected closing of the Financing because the details of the participation therein by related parties of the Corporation were not settled until shortly prior to closing of the Financing and the Corporation wished to close on an expedited basis for business reasons.

Repayment of Loan

Further to its news releases of July 11, 2018, announcing a cash loan of USD \$30,000.00 (“Loan”) made to the Company by a current shareholder of Galore under a Loan Agreement, the Company announces it has now paid back that Loan in full, plus interest which was accruing at a rate of 10% per annum compounded monthly.
