Dieppe, New Brunswick--(Newsfile Corp. - January 17, 2025) - Colibri Resource Corporation (TSXV: CBI) ("Colibri" or the "Company") wishes to announce that it intends to conduct a non-brokered private placement (the "Offering") of up to 10,000,000 units (the "Units") at a price of \$0.025 for gross proceeds of up to \$250,000. Each Unit will consist of one (1) common share and one (1) common share purchase warrant (the **Warrants**). Each Warrant will entitle the holder to acquire one common share (a "Common Share") of the Company at a price of C\$0.05 per Common Share for a period of 24 months following the closing of the Offering.

The net proceeds of the Offering will be used for upcoming exploration expenses at Colibri's highly prospective precious metals projects in Mexico, including the Pilar Gold Project & the EP Gold Project and for working capital.

The Offering is anticipated to close towards the middle of February 2025 (the "Closing"). Closing may occur in one or more tranches.

Closing of the Offering is subject to the acceptance of the TSX Venture Exchange (the "Exchange"). Common Shares issuable will be subject to a statutory hold period expiring on the date that is four months and one day after Closing. The Company anticipates that it may pay certain finder's fees as per the guidelines of the Exchange.

The Offering will be conducted by the Company primarily under the "accredited investor" exemption of National Instrument 45-106 -- *Prospectus and Registration Exemptions* but may use other exemptions if appropriate.

For further details of the Offering, please contact Ian McGavney, President & CEO of the Company at (506) 383-4274 or ianmcgavney@colibriresource.com (<mailto:ianmcgavney@colibriresource.com>).

Certain insiders of the Company may acquire Units in the Offering. Any participation by insiders in the Private Placement will constitute a "related party transaction" as defined under Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**"). The Company expects such participation will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as the fair market value of the Units subscribed for by the insiders, nor the consideration for the Units paid by such insiders, is expected to exceed 25% of the Company's market capitalization.

TSXV Final Acceptance and Disclosure Correction

Colibri also wishes to announce that, further to its news release of December 20, 2024, it has received final acceptance from the Exchange in regards to a private placement originally announced on August 23, 2024. See also the Company's follow-up news releases dated September 6 and October 4, 2024. A total of 6,110,000 units were sold for gross proceeds of \$305,500. Each unit sold consisted of one common share and one common share warrant exercisable at a price of \$0.075 per share for a period of 24 months from the date of issuance. The foregoing corrects the disclosure in the Company's December 20, 2024 news release which incorrectly stated that a total of 550,000 units had been sold.

The securities of the Company have not been, and will not be, registered under the *U.S. Securities Act of 1933*, as amended (the "U.S. Securities Act") or any U.S. state securities laws and may not be offered or sold in the United States absent registration or an available exemption from the registration requirement of the U.S. Securities Act and applicable U.S. state securities laws. This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities, in any jurisdiction in which such offer, solicitation or sale would be unlawful.
