The Offering will be comprised of units (the "**Units**") to be sold at a price of \$0.04 per Unit.

Each Unit will be comprised of one common share of the Company (a "**Share**") and one-half of one common share purchase warrant (a "**Warrant**"). The Warrants will be subject to an acceleration clause which allows the Company to accelerate the expiry date of the Warrants if after 18 months from the date of issuance, the trading price of the Shares exceeds \$0.15 for a period of 10 consecutive days.

Vortex intends to allocate the gross proceeds raised from the sale of the Units as follows: approximately 40% to pay for mining concession fees, approximately 40% to pay for exploration fees and remaining 20% for general working capital purposes.

The Company may pay finders' fees comprised of cash and non-transferable Share purchase warrants in connection with the Offering, subject to compliance with the policies of the TSX Venture Exchange (the "**TSXV**").

All securities issued under the Offering will be subject to a hold period expiring four months and one day from the date of issuance in accordance with applicable securities laws. Completion of the Offering and the payment of any finders' fees remain subject to the receipt of all necessary regulatory approvals, including the approval of the TSXV. The Offering may close in multiple tranches as subscriptions are received.
