### About Kingsmen Resources

Kingsmen Resources is a discovery-driven explorer focused on unlocking the potential of two 100%-owned precious-metal districts - Las Coloradas and Almoloya - located in the historic Parral region of Chihuahua, Mexico, one of the most productive silver belts in the world. Both projects cover past-producing high-grade silver and gold mines and lie directly on the structural corridors that host many of Mexico's most notable silver-gold deposits. Recent drilling at Las Coloradas has confirmed new zones of shallow, high-grade mineralization and highlighted the potential for multiple parallel structures across a 4.5-kilometre trend. At Almoloya, historic drilling, extensive underground workings, and multiple vein systems point to strong potential for both vein-hosted and carbonate-replacement style mineralization. Kingsmen also owns a 1% NSR royalty on the La Trini claims within GoGold Resources' Los Ricos North project in Jalisco State, Mexico.
