VANCOUVER, BC, January 23, 2026 /CNW/ - Pacifica Silver Corp. ("Pacifica" or the "Company") (CSE: PSIL) (OTCQB: PAGFF) is pleased to announce that it has closed its previously announced, upsized private placement offering (the "Offering") of 15,870,000 common shares of the Company (the "Common Shares") at a price of \$1.45 (the "Offering Price") per common share, for aggregate gross proceeds of \$23,011,500, which included the exercise in full of the agents' option.

The Offering received broad-based support from new precious metal funds and investors, as well as continued commitment from established strategic shareholders Vizsla Silver Corp., First Majestic Silver Corp., Silvercorp Metals Inc., and renowned investor Eric Sprott.

"We are grateful to close our upsized brokered offering with robust participation from sophisticated new institutional investors possessing extensive expertise in the mining and silver sectors, as well as the support of our existing strategic shareholders," stated Todd Anthony, Chief Executive Officer of Pacifica Silver. *"Their collective endorsement reflects strong conviction in the untapped potential of our flagship Claudia Silver-Gold Project in Durango, Mexico, and the proceeds from this financing will enable us to accelerate exploration efforts, systematically test high-priority targets, and unlock the project's high-grade potential through year-round, multi-rig drilling operations. We sincerely appreciate the confidence placed in our team and strategy by these valued partners, and we look forward to delivering meaningful exploration progress and creating long-term value for all stakeholders in the months and years ahead."*

Raymond James Ltd. acted as lead agent and sole bookrunner in connection with the Offering, on behalf of a syndicate of agents, which included Research Capital Corporation (collectively, the "Agents").

Four insiders subscribed for 180,000 Units for gross proceeds of \$261,000 and such participation will be considered a "related-party transaction" as defined under Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). The Company expects to be exempt from the requirement to obtain a formal valuation and minority shareholder approval in connection with the three insiders participation in the Offering in reliance of Sections 5.5(a) and 5.7(a) of MI 61-101, respectively, on the basis that their participation in the Offering did not exceed 25% of the fair market value of the Company's market capitalization.

The net proceeds of the Offering will be used to advance exploration and drilling activity at the Company's Claudia Project (the "Project"), located in Durango, Mexico, and for working capital and general corporate purposes.

Pursuant to an agency agreement among the Company, Raymond James Ltd. and Research Capital Corporation dated January 23, 2026, the Company: (i) paid a cash fee of \$1,260,690 to the Agents; and (ii) issued 414,031 compensation warrants (the "Compensation Warrants") to the Agents.
