FOR RELEASE: September 29, 2026

VANCOUVER, British Columbia – Madoro Metals Corp. (“**Madoro**” or the “**Company**”) (TSX VENTURE: MDM; OTC: MSTXF; FSE: A2QQ1X), is pleased to provide an update regarding its previously announced proposed reverse takeover transaction (the “**Proposed Transaction**”) with Narrow River Resources Pty Ltd. (“**NRR**”), as described in the Company’s news release dated February 2, 2026, and as most recently updated in the Company’s news release dated August 13, 2026.

The Company announces it has filed with the TSX Venture Exchange (the “**TSXV**”) the initial documentation required under TSXV Policy 5.2 – *Changes of Business and Reverse Takeovers* (“**Policy 5.2**”) to commence the TSXV’s review and approval process in respect of the Proposed Transaction. Once the documentation has been reviewed to the satisfaction of the TSXV, Madoro will be authorized to call a special meeting of its shareholders (the “**Meeting**”) required to approve the Proposed Transaction. Details of the Proposed Transaction and the Meeting will be set out in the management information circular (the “**Circular**”) to be mailed to shareholders and filed on SEDAR+ under the Company’s profile. As previously announced, the Company intends to file the technical report prepared in accordance with National Instrument 43-101 – *Standards of Disclosure for Mineral Projects* in respect of the Lac Simard mineral project (the “**Lac Simard Project**”) on SEDAR+ concurrently with the filing of the Circular.

The Company is also proceeding with its previously announced concurrent non-brokered private placement for aggregate gross proceeds of up to C\$1,230,000, comprised of hard dollar units and flow-through units (the “**Private Placement**”), the completion of which remains subject to TSXV acceptance and all other required regulatory approvals. The closing of the Private Placement is a condition precedent to the completion of the Proposed Transaction and will occur concurrently with the closing of the Proposed Transaction. The parties remain committed to moving the Proposed Transaction forward and will provide further updates as appropriate.

Completion of the Proposed Transaction remains subject to, among other things, TSXV acceptance, regulatory approvals, approval of the Proposed Transaction by the Company's shareholders at the Meeting, completion of the Private Placement, and satisfaction of other customary closing conditions.
